EDUCATION

Graphic Era Hill University

B.Tech - Computer Science and Engineering - CGPA - 8.1

2022 - 2026

Haldwani, Uttarakhand

Ever Green Senior Secondary School

Intermediate - 83%

2021 - 2022

Haldwani, Uttarakhand

Ever Green Senior Secondary School

High School - 82%

2019 - 2020

Haldwani, Uttarakhand

EXPERIENCE

Tata Data Visualization (Job Simulation) | Forage

July 2025

- Designed meaningful data visualizations to support decision-making for Tata Consultancy Services.
- Prepared questions for a meeting with client senior leadership . Created visuals for data analysis to help executives with effective decision making.

Salesforce Development with Agentblazer | Salesforce

May 2025

- Developed and customized Salesforce applications using Apex, Lightning Web Components (LWC), and Visualforce, improving user experience and streamlining business workflows.
- Integrated Agentblazer AI-driven workflows with Salesforce, implementing custom objects, process builders, and automation scripts to enhance case management and customer support processes.

COURSEWORK / SKILLS

- Data Structures
- Operating Systems
- OOPs Concepts
- Machine Learning
- web development
- DBMS

PROJECTS

CPU Scheduling Visualizer | React, Next.js, Tailwind CSS, JavaScript

April 2025

- Built a web app to simulate and visualize CPU scheduling algorithms (FCFS, SJF, Priority, Round Robin).
- Leveraged React and Next.js for dynamic rendering and routing; styled with Tailwind CSS for responsive UI.

Attendance management system | Python, Machine Learning, Streamlit

Nov 2024

- It a real time attendance management system using face recognition wit real time data provided **86%** accuracy from live data .
- Integrated live data and train live records and update into the live databses .
- Added automated timeline if there is long period interval .

Calorie Burn Prediction System | Python, Machine Learning, Streamlit

June 2024

- Created a calorie prediction model using XGBoost, achieving **99%** accuracy.
- Trained on biometric and workout data (heart rate, age, duration, etc.).
- Deployed via Streamlit for interactive user input and predictions.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3, Python

Frontend Frameworks: React.js, Next.js, Tailwind CSS, Streamlit

UI/UX Tools: Figma, Responsive Design, Git

Testing Dev Tools: Chrome DevTools, ESLint, VS Code

CERTIFICATIONS

- Salesforce Development with Agentblazer | Salesforce
- Explore Machine Learning Using Python | Infosys SpringBoard
- Python for Data Science| Infosys SpringBoard
